

## YARRA VALLEY & THE DANDENONGS MARKETING

---

[www.yarraconf.com.au](http://www.yarraconf.com.au)

### Other

- All electrical appliances not being used are unplugged from the wall socket
- Waste paper is shredded and our CEO uses it on her farm for the chickens. Once the chickens have used the paper and it has broken down it is then used in the garden as mulch.
- Reuse of stationary such as binders, manila folders etc
- Double sided print wherever possible
- Any excess brochures are pulped
- Carpool to meetings
- Use a green print company for all our printing
- When attending international missions we burn all information onto CDs as opposed to using paper
- Recycle name tags at any meeting/conference held by us
- Green recycle bags are utilised when the Victorian Information Centres come to pick up brochures
- No paper plates or plastic cups are used for meetings held by us
- We do not use a dishwasher and all dishes are done in one wash at the end of each day.
