Company Profile

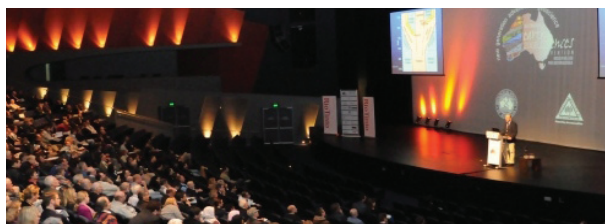

For over 15 years the team at ICE Australia have focused on delivering quality national and international conferences for the not-for-profit sector.

We are dedicated to ensuring our client's objectives are realised and the planning process is an enjoyable one.

We provide a full range of inhouse conference management services, including:

- Real time, online abstract management and secure registration
- Marketing (nationally and internationally)
- Sponsorship (nationally and internationally)
- Budget and Financial Management
- Venue, Catering and Accommodation management
- Social Program development

We have offices in Melbourne, Sydney, Perth and Brisbane.

Testimonials

"We were impressed by the systems including accounting and record keeping systems providing by your company. In particular, your company's ability to manage the development of the conference volumes with nearly 400 papers was an important part in the success of the conference."

Gregory Hancock – International Conference on Advances in Structures, Steel, Concrete, Composite and Aluminium

"The planning, monitoring and attention to detail were most professional and to a level not often experienced with other organisers."

Robert Guest – Royal Australian and New Zealand College of Ophthalmologists Annual Scientific Meeting

"With the help of ICE, we were able to attract well over our initially expected number of registrants, of whom 80% were international. The organisation involved a complicated 3-way liaison between my committee, ICE and the parent organisation in Washington, all of which ICE handled efficiently and with great tact and courtesy when required."

Dr. Michael Bennett, International Undersea & Hyperbaric Medicine Society Annual Scientific Meeting
