## I.D welcomes you to the future of event entertainment and production.

I.D is a theme production house set to become the largest rental and hire provider of custom made sets and theme concepts in Australia. You can rent one item or rent an entire theme, we deliver anywhere in Australia.

What sets I.D apart is our attention to detail and quality. Our themes are truly inspired. Each element is researched and designed to be instantly recognisable, with meticulous attention to detail, taking your event to a whole new level. Our themes are more than mere decoration. Every concept and each theme element comes together to bring a story to life and provide guests with a magical experience they will never forget.

Our research team draws inspiration from iconic artworks, imagery, architecture, historical events, artifacts, books and more. We then draw on finer details such as traditional colours, printed fabrics, the size and texture of ancient sculptures to bring elements and experiences from the past or our imaginations to life.

I.D themes will transform your venue into 'a whole new world'.

### Theme Hire

I.D caters to your specific theming requirements. You can hire an entire theme, a variety of elements for any size event or venue. If you have a small event for 50, or a gala for 1000 we can customise and select the theme pieces to best suit your needs, venue and budget. Or, you can create your own custom made theme.

### Our current themes available to hire are:
