Company Profile

arinex ("architects of inspiring experiences") is a leading specialist in conferences, events, incentives and destination management. arinex offers end-to-end solutions, products and services for the successful management and delivery of conferences and events.

arinex was born out of combining the talents and know-how of two highly successful organisations: Tour Hosts and The Meeting Planners, and represents more than 50 years of experience in delivering amazing client outcomes.

Today arinex has four offices across Australia, each comprising experienced staff who are dedicated to ensuring the best results by working in partnership with clients and providing them with a personalised service.

Testimonials

"The commitment from the entire arinex team ensured a seamless, integrated and thoroughly professional operation. arinex are to be highly recommended as a meeting organiser. Their professional, friendly and extensive service was a model example of what is required to ensure success both in terms of the meeting outcomes and financial viability of such a venture"

Professor Henry Krum, Chairman, 4th Asian Pacific Congress of Heart Failure

"Through the hard work and dedication of arinex and their partnership commitment with the LOC, we were extremely pleased to break all FIG records from the largest exhibition the Congress has seen, to the increase of delegate numbers from 1,300 to 2,124 to make it the biggest FIG Congress ever"

**Paul Harcombe, Congress Director
XXIV International Federation of Surveyors (FIG) International Congress**

"The Renal Society of Australasia is very excited about the level of sponsorship secured by arinex for their upcoming annual conference. Four months out from our conference we have achieved 112% of our sponsorship target and have sold 58% of our exhibition space. We would like to commend arinex on their performance with our upcoming conference and look forward to dealing with them in the planning of our future conferences"

Kirsten Passaris, Federal Chair, Renal Society of Australasia
